Bank beating exchange rates!

DSD|FX offer commercial exchange rates, online trading and payment platform and zero payment charges* for members of the Polish Business Euro club

- Competitive rates of exchange
- Currency risk management
- Free payments
- Personal Service
- FSA authorised and regulated company
- *one free onward payment per currency deal for Euro Club members

How the process works?

STEP 1 – Register with us

Complete the application form and return it to us by either post, fax or email. For UK residents we will then carry out an electronic ID check. For non residents or anyone that doesn't pass the ID check we will require two forms of ID. One must be photographic, and the other must contain proof of residence.

STEP 2 – Buy your currency

Speak to your DSD|FX currency dealer and discuss the current market as well as your timeframe. Then either place a target price order to buy or protect yourself from foreign exchange risk with a forward currency contract. If you decide to buy 'on the spot' the rate you agree will be legally binding and you will receive an 'invoice' detailing the trade straight away with instructions for transferring funds

STEP 3 – Send your currency

Once we have received your onward instructions and your cleared funds we will promptly transfer your exchanged currency to any bank account of your choice, worldwide, the same day. USD, EUR and GBP can arrive the same day; PLN is a 'next day currency'. To be safe we always advise that you allow 4 days for payments to arrive.
